1. The [REDACTED] is drawing to a close. The six members of the Training Program who have participated in this operation since its beginning have made an important contribution to its success. Their cooperation has been excellent and their work has been uniformly good. Without their assistance we would have lost an appreciable quantity of this valuable information.

2. Upon the return of these six individuals, we will furnish your Office with a brief statement concerning the responsibilities and work of each for your information and use.
